

"Привет!!" (hello)

I'm Makayla, and I take immense pride in calling Pripjat, Ukraine my home. My world revolves around martial arts and kickboxing, where the focus lies on mastering self-defense. These skills proved pivotal during a critical moment—an encounter with assault where my training became my shield, enabling me to protect myself successfully.

In my heart, I harbor profound love for the Heavenly Father and my two remarkable children, a son and a daughter, both thriving in university. One's steering towards a career in law while the other is shaping a path toward becoming a judge. On the professional front, my journey has led me to serve as a lawmaker in Pripjat, dedicated to ensuring the safety and well-being of our community.

One memorable case that stands out involved a person of high standing misusing their position and funding, taking advantage of the public. It required courage to confront such a situation, but with collective action, we ensured no harm was inflicted, and this individual was relieved of their power. Now, they're reflecting on the impact of their decisions.

Life's twists and turns have shaped me profoundly. As I ponder upon my journey, With great Faith in God, I draw strength from the love of my family, the fulfillment derived from my passions, and the unwavering commitment to serving the public good. Each experience has contributed to shaping the person I am today, reinforcing my dedication to making a positive difference in our world, and my profound dedication to the Heavenly Father. May you have a blessed day in whatever your doing.
